Something Beautiful

Verse 1

A picture of perfection

A truest reflection of your heart

A world with no secrets,

shame or deceiving, only love

In the garden before the fallen ways of man

You and I co-existed with nothing to distance

my heart from yours

PreChorus

What would happen if we loved Like you loved?

If we gave like your son?

Like we lived like we're set free?

What would happen if it's less about me?

And more about you?

All for your glory?

What would happen if we gave all control?
And Let it all Go?
And trusted completely?

Chorus
Something Beautiful

Verse 2
Something I've almost tasted
But never quite able to behold

Only glimpses of glory
pictures of stories have been told

How I dream of your splendor
And all your intentions for my soul

Just to know is to love you
How it's you who loves first, I'll never know

Chorus 2
Something Beautiful
Something Beautiful
Something Beautiful
Something Beautiful
Something Beautiful
Something Beautiful

After Your Heart

Verse 1
Oh, your light will break forth like the dawn
And your healing shall spring forth with haste
Righteousness will go before you
The glory of The Lord will be your guard

Chorus
Take me my love with your intentions
I will become a suitable dwelling place
A lover who's after your heart
Take me my love with your intentions
I will become a suitable dwelling place
A lover who's after your heart

Verse 2

Oh The Lord shall guide and satisfy
Strength will come to what is scorched and dry
I long to be an overflowing well
A spring of water who will never fail

>>Chorus

Bridge

You will raise up age old foundations
To renew what once was dead
Build, repair the walls that are broken
Go restore the lifeless streets

Sinking

Verse 1

Sinking in your love
Fallen into grace again
Drowning in my sin
Met me there and healed it again

Pre Chorus

Overwhelmed you still won't give me up
And when I'm low you just pull me deeper in
Baptized me in waters of your love
Cleanse my soul with grace only you can give

Chorus

No place I can go, caught in your love
Nothing I can do, caught in your love
No where for me to hide, caught in your love
I wrapped up in it, swept up in the current of you love

Verse 2

Fading into black
Too far gone to ever go back
There I saw your light
Chase away my darkness of nights
